| Level 1 | Level 1 | Level 1 | Level 1 |

BART Service Delay, Contra Costa County

- On 03/16/16 at 1735 hours, the California State Warning Center (CSWC) received a report from the State Threat Assessment Center (STAC) advising that an electrical surge caused damage to 50 BART train cars on the tracks between Pittsburg and Concord in Contra Costa County. It could be months before a full fleet of trains is up and running
- BART still has a complete shutdown of service remaining between the North Concord and Bay Point stations. BART officials advised that riders should be prepared to continue taking a bus bridge between the Pittsburg-Bay Point and Concord stations at least through Monday morning
- BART has issued an Advisory on its website, stating that a 10-minute delay can be expected on the Pittsburg/Bay Point Line in the Pittsburg / Bay Point and SFO directions. Riders will still be able to board a BART train at the North Concord Station if traveling towards Oakland and San Francisco.
- A bus bridge has been established for riders traveling between the Pittsburg/Bay Point and North Concord-Martinez stations. Concord BART station has 14 buses that will bridge service while BART works on equipment problems between Pittsburg and Concord.
- BART isolated the problem to a portion of track along Highway 4, just east of the Willow Pass exit on the upslope entering the Pittsburg Hills. When the cars passed over this stretch of track, instead of delivering 1,000 volts of electricity, for an unknown reason the third rail was producing as much as 2,000 volts, according to a senior BART official. The track troubles do not pose any safety concerns for passengers.
- On Friday, BART reports that they were able to muster only 516 cars for service, 63 less than its goal of 579 trains to offer regular service for growing ridership
- Service on other lines in the system will also be affected because there will be fewer cars in service. BART urges passengers to check the their website before going to the impacted train stations at www.bart.gov/alerts
- The Cal OES Coastal Region and CSWC are monitoring the situation.
- This will be the final report for this incident until significant information warrants an update

SITUATION SUMMARY

HWY 3 Roadway Damage, Trinity County

- On 3/15/2016 Trinity County Proclaimed a local emergency and activated their EOC to Level 1 due to a washout of 1000' of Highway 3.
- A detour is available between Weaverville and Trinity Center using East Side/Trinity Mountain Road; but trucks and RVs are not allowed due to tight curves. Large vehicles will need to access Trinity Center via Highway 3 from the North.
- Highway 3 over Scotts Pass is open, residents can leave the Coffee Creek and Trinity Center areas via Highway 3 to Yreka for supplies. Currently, the only route to take Coffee Creek and Trinity Center residents in 2 wheel drives to Weaverville is a 140 mile detour north on Highway 3 to Yreka, south on I-5 into Redding, and west on Highway 299.
- Highway 3 is expected to remain closed at the slide until Memorial Day weekend.
- Scotts Mountain Pass and East Side Trinity Mountain Road will be plowed starting tomorrow and throughout the storm.
- There are no requests for assistance at this time as all needs are being met. Caltrans, Trinity, Shasta Counties and contractors are working to alleviate transportation issues.
- [Inland Region will continue monitoring for additional impacts from the incoming storm.](#)
- National Weather Service are providing spot weather reports. [More rain is predicted this today through the middle of next week.](#)

Health and Medical

- Basic Life Support EMS is available from the local Fire Department.
- A four wheel drive ambulance, which could meet an ALS ambulance if need be, is at the Slate Creek detour.
- Air Ambulances are available in good weather.

Baker to Vegas Cup Relay, San Bernardino County

- Cal OES Auxiliary Communications Service (ACS) [have de-mobilized](#) from the Baker to Vegas Challenge Cup Race where Cal OES ACS assisted San Bernardino County by providing OASIS and Communications at two locations in support of the Medical Base operations.
- OASIS linked the Doctors and EMS providers to the base hospital located in the Inland Empire.

Cal OES Mission Tasking

- **2016-SREOC-21067:** Cal OES communications support scheduled for March 18-20, 2016.

SITUATION SUMMARY

Weather of Concern

Northern California

- Moderate to briefly heavy rain will move through the North Coast this morning

Southern California

- Low clouds and fog will affect the coast and valleys

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

Cal EOC Incident – 2014 Drought

SOC / Inland REOC remains activated in support of 2014 Drought.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Medford Weather:

A cold front will move inland today will bring rain to the coast this morning. Rain is expected to spread inland into the Rogue Valley mid-morning. Models indicate winds at 925 mb turns SW into the coast this afternoon and will help increase coastal winds. Areas near Cape Blanco could see wind gust to near 50 mph this afternoon. Elsewhere the Shasta Valley and parts of the East side will also see gusty winds. Have kept the current suite of wind advisories going.

Eureka Weather:

A front will move through the area on Sunday bringing widespread rain and locally gusty winds. Wet and unsettled weather will continue on Monday as another front moves onshore. Cooler air and high elevation snowfall will follow Monday night and Tuesday.

Reno Weather:

High pressure over the Sierra and Western Nevada tonight moves East today. A cool down with gusty winds is on tap for today into Tuesday as Pacific low pressure moves into northern California and Nevada. Rain and snow will move into northeast California today, but is not expected to become widespread in western Nevada until Monday Night. Drier and warmer conditions return to the region Wednesday.

San Francisco Weather:

Light rain will continue to spread across the North Bay this morning and down through the San Francisco bay area by this afternoon. A stronger frontal boundary will bring additional rainfall to the entire region on Monday, with the heaviest again over the North Bay. Dry weather conditions return by midweek along with a gradual warming trend into next weekend.

Sacramento Weather:

Wet weather returns today, lasting through Tuesday with rain, snow, and breezy winds. Travel over the Sierra may be impacted Monday into early Tuesday with lowering snow levels.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Hanford Weather:

A weak pacific storm system will bring cooler temperatures and a chance of precipitation with increased winds tonight through Tuesday. High pressure will bring dry weather and a warming trend through the remainder of the week.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Night through morning low clouds and fog will affect many Coastal and Valley areas through Monday. A couple of weak frontal systems will bring a slight chance of rain to parts of the area late Monday and Tuesday along with a cooling trend and gusty winds. A warming trend is expected for the second half next week as high pressure builds into the great basin and offshore flow develops.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

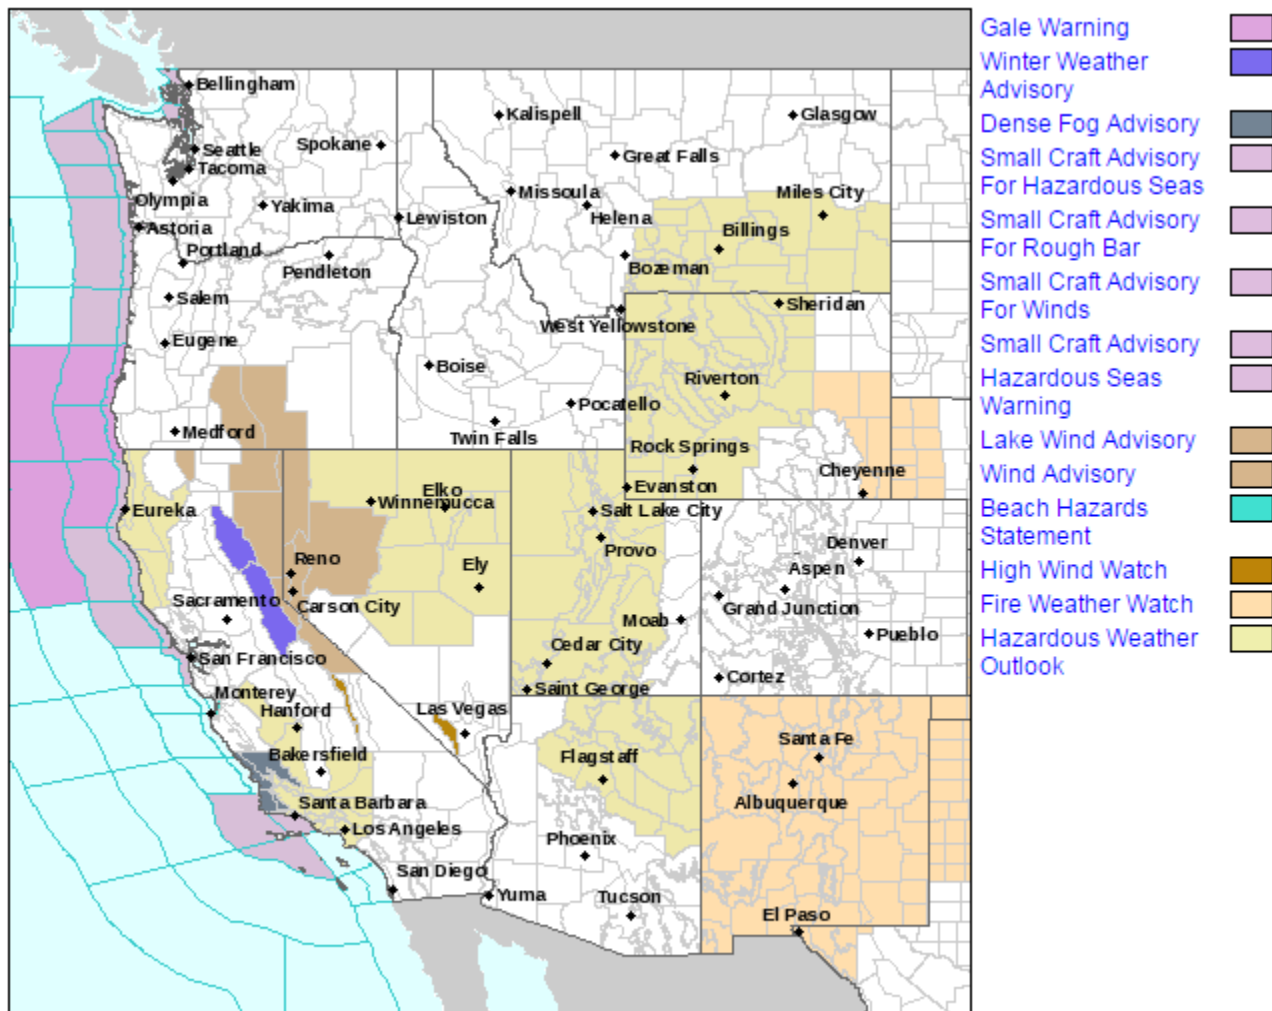

High pressure will continue inland high temperatures around 10 degrees above average today with areas of morning low clouds and fog for coastal and western valley areas. For Monday and Tuesday a trough of low pressure will move inland through the Western states with stronger onshore flow for southern California bringing cooling gusty west winds in the mountains and deserts a deeper marine layer and a slight chance of light showers for the coastal slopes of the mountains and for the valleys for late Monday night into Tuesday. Dry with warming for Wednesday through Friday with slight cooling possible for next weekend.

Southeast California Weather:

High pressure over the desert southwest will result in clear skies and abnormally warm weather through Monday. Daytime highs will exceed 90 degrees at many lower desert locations before noticeably cooler temperatures arrive by the middle of the week. In addition windy conditions will impact the region as a cool pacific low pressure system moves inland.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on the first Wednesday of each month.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 61 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 27 Counties: Butte, Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).

- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

CAL OES MISSIONS

Closed Cal OES Missions

- **2016-LAW-22022 03/19/16, 1355 hours,** The IERCC reported an inReach (Delorme) device activation along Big Pine Highway in Los Angeles County. A message was sent thru the device that the registered owner (R/O) had sustained a leg injury while riding motorcycles. Los Angeles County Sheriff's Department (LASD) was notified and initiated a response. At 1437 hours, LASD advised that San Bernardino Fire was on scene treating the R/O for minor injuries. **Mission Closed.**

California Specialized Training Institute

CSTI Scheduled Training

CSTI on the web

Emergency Planning (G235): This course focuses on emergency operation plans, the format and process to develop plans and evaluate the plan's effectiveness. Content includes the Comprehensive Planning Guide (CPG 101) and THIRA (CPG 201)

In this course, participants will learn the tools and techniques to develop or enhance an all-hazard emergency operations plan (EOP).

The following key topics are discussed:

- The Planning Process
- Format and Function
- Threat, Hazard Identification Risk Analysis (THIRA)
- Comprehensive Planning Guide (CPG 101)
- Planning Issues and Challenges
- Training and Exercises
- Practical Activity to Develop and EOP Outline
